

Computer Science Professors Elevated to IEEE Fellows for 2014

Amr El Abbadi

Kevin Almeroth

Elizabeth Belding

Three College of Engineering professors have been elevated to the status of [Fellows of the Institute of Electrical and Electronics Engineers](#) (IEEE), the world's largest professional association dedicated to advancing technological innovation and excellence for the benefit of humanity. IEEE Fellow is a distinction reserved for select IEEE members whose extraordinary accomplishments in any of the IEEE fields of interest are deemed fitting of this prestigious grade elevation.

- Professor [Amr El Abbadi](#) has been recognized for his contributions to the design of fault-tolerant, large-scale data management systems.
- Professor [Kevin Almeroth](#) has been recognized for his contributions to multicast communication, wireless networks, and educational technology.
- Professor [Elizabeth Belding](#) has been recognized for her contributions to mobile and wireless networking and communication protocols.

El Abbadi, Almeroth, and Belding are all members of the faculty of the [Department of Computers Science](#).
