

# **MESA Engineering Program (MEP) and MESA Schools Program (MSP)**

The MESA Schools Program provides academic enrichment, and preparation to K-12 schools in the local area. MSP prepares underrepresented students for UC admission eligibility. MEP is a statewide network of related programs coordinated through the Mathematics, Engineering, and Science Achievement (MESA), which operates out of the University of California's Office of the President. UC Santa Barbara's MEP maximizes students' academic potential, while preparing them for their careers as professional engineers. The MESA Schools Program provides academic enrichment, and preparation to K-12 schools in the local area. MSP prepares underrepresented students for UC admission eligibility.
