Student Labs and Facilities

**Engineering Computer Infrastructure (ECI)**

ECI provides the information technology infrastructure for the College of Engineering and manages the computer accounts and laboratories used by undergraduates. Four labs are managed by ECI:

- Engineering 1 Lab (Harold Frank Hall, Room 1140)
- Engineering 2 Lab (Engr II, Room 3236)
- CAD (Computer Aided Design) Lab (Engr II, Room 2243)
- CSIL (Computer Science Instructional Lab) - Open to Computer Science majors and students enrolled in CS courses. (Harold Frank Hall, Room 1138)

**COLLABORATE Labs (LSIT)**

COLLABORATE provides instructional labs, presentation and interaction technologies in departmental and general assignment classrooms, campus wireless access to instructional services, and remote access to specialized software. Labs are located in Phelps Hall, Psychology East (LSCF), the Humanities and Social Sciences Building (HSSB), and the Social Sciences and Media Studies (SSMS) building.

To view lab schedules, to request a lab, or to see a list of software available on lab computers, please visit [http://collaborate.ucsb.edu/](http://collaborate.ucsb.edu/).
