

EXAMPLE

SAMPLE UC Santa Barbara Transfer Student Computer Engineering Schedule

Students must enroll in 12 units each quarter, with the exception of their final term.

Students will need to slot in General Education courses as their schedules allow. The amount of GE remaining will vary by student, based on their previous coursework.

Sample three-year plan for students admitted with only required preparation:

Shorter degree plans **may** be available for students who have completed General Education and strongly recommended preparation prior to their first term at UC Santa Barbara. However, shorter degree plans cannot be guaranteed, as some courses may conflict or not be available for enrollment out of the term they are scheduled above.
