

EXAMPLE

SAMPLE UC Santa Barbara Transfer Student Electrical Engineering Schedule

Students must enroll in 12 units each quarter, with the exception of their final term.

Students will need to slot in General Education courses as their schedules allow. The amount of GE remaining will vary by student, based on their previous coursework.

This plan assumes a student has **only** completed the minimum preparation for admission to the major as a transfer student. However, this degree cannot be completed in less than three years, even if a student has completed more than the minimum required preparation.

SAMPLE SCHEDULE:

Fall		Winter		Spring		Summer	
Math 6A	4	ECE 10B/BL	5	ECE 10C/CL	5		
ECE 10A/10AL	5	ECE 15A	4	Math 6B	4		
Chem 1A/AL	4	ECE 5	4	Phys 5/5L	4		
ECE 3	4	Phys 4/4L	4				
	17		17		13		
Fall		Winter		Spring		Summer	
ECE 130A	4	ECE 130B	4	ECE 137B	4		
ECE 132	4	ECE 137A	4	ECE 139	4		
ECE 134	4	ECE elective	4	ECE 152A	4
