Tau Beta Pi, the nation's second-oldest honor society, is comprised of the top students in each engineering field.

The University of California, Santa Barbara’s Tau Beta Pi engineers uphold and advance the integrity, honor, and dignity of the engineering profession.

We work to create and network a community of engineers across all departments and disciplines through community service projects, tutoring sessions, and engineering technology talks. Through events like these, we provide value to the engineering student body and ensure that we exude the Tau Beta Pi creed:

“Integrity and excellence in engineering.”
EVENTS

Pi Day

On March 14 of every year, Tau Beta Pi helps students and faculty come together to relieve stress by playing various games and pieing each other in the face.

How to College

Tau Beta Pi invites all engineering students to gain academic advice and insights from members on how to secure internships, research positions, and jobs.

Tech Talks

Tau Beta Pi hosts tech talks from cutting-edge companies and research groups. Numerous leaders and pioneers have joined TBP in holding info sessions, tech talks, and recruiting events.
COMMUNITY SERVICE

**Professional Workshops**

Industry representatives provide students with valuable feedback on creating a resume, building a network, and marketing themselves to potential employers and graduate schools.

**Community Outreach**

To contribute to our community, Tau Beta Pi organizes events such as beach cleanups through UCSB Coastal Fund, tree-planting through Your Children’s Trees, spending time with senior citizens through Friendship Manor, and more.

**Tutoring**

All members of Tau Beta Pi provide one-on-one tutoring to students in major-specific courses for which tutoring may be unavailable elsewhere on campus.
Tau Beta Pi is comprised of the highest achieving engineering students at UCSB.

Top $\frac{1}{8}^{th}$ of Juniors
Top $\frac{1}{5}^{th}$ of Seniors

GPA Range: 3.81 – 4.00
